

## DuPont Plans for Plant Expansion

DuPont has announced plans to add a \$15 million glass interlayer manufacturing line to its Fayetteville, N.C., location. The new line, which will produce SentryGlas® Plus interlayers, is expected to begin production early next year.

DuPont plans to begin SentryGlas Plus production next year in Fayetteville.

“The selection of Fayetteville Works speaks well for our employees’ capability and flexibility to meet the needs of a growing business,” said Barry Hudson, Fayetteville Works manager. “The new manufacturing facility will add approximately 40 DuPont and contractor jobs at full capacity for the SentryGlas Plus product.”

## Joel Berman Announces Distributors for New Berman Glass editions
