Berman Glass editions Distribution

Joel Berman, Principal of *Berman Glass **editions** Inc.*, currently with two established distributors in Europe, is pleased to introduce the newest member of the company's dynamic distribution network; [Garibaldi Glass](#) of Vancouver, [Coastal Glass Distributors](#) of Charleston, [Torstenson Glass Company](#) of Chicago, [CLO Glass](#) of Toronto, [Craftsman Fabricated Glass](#) of Houston, [Standard Bent Glass](#) of Pennsylvania and [Globe Amerada Architectural Glass](#) of Selma Alabama. These new partnerships are part of Berman's aggressive expansion program to make *Berman Glass **editions*** textured glass widely available through North America and Europe.

*Berman Glass **editions** Inc.* designs and manufactures design driven, readily available, economical glass appropriate for all building and construction applications. The glass is available through a strong team of Authorized Distributors who are independent, sales oriented partners that fabricate and warehouse the products locally.

[Garibaldi Glass](#), located in Vancouver, British Columbia offers tempered glass, insulated glass units, frameless glass doors & hardware, custom glass fabrication, and marine/RV bonded windows. In business since 1966 the company prides itself on producing high quality products in short production runs. www.garibaldiglass.com

[Coastal Glass Distributors](#) in Charleston, South Carolina offers tempered, laminated and insulated glass to customers throughout the US. They are able to custom fabricate architectural glass for nearly any commercial or residential application and ship anywhere in the US within 24 hours. www.coastglassdist.com

[Torstenson Glass Company](#) is a flat glass distributor and fabricator in Chicago, Illinois. Their services include tempering, laminating, insulating and they are adept at producing a single piece for custom and prototype applications as well as high volume production. www.tglass.com

[CLO Glass](#) in Concord, Ontario specializes in the production of architectural decorative glass for the store fixture and furniture industries. CLO Glass provides a full range of fabrication services including polishing, bevelling, drilling, circle polishing, finger pulls, V grooving, notches and extra large cut outs in both glass and mirror. www.cloglass.com

-more-

Craftsman Fabricated Glass in Houston, Texas is part of Glass Wholesalers Inc., a group of companies that service and supply the glass industry. Craftsman Fabricated Glass provides the very best in tempered glass and custom fabrication. www.craftsmanfab.com

Standard Bent Glass located in Butler, Pennsylvania, services New York and Pennsylvania and is known worldwide as a premier source for monolithic, laminated, tempered and insulated glass products of superb quality. www.standardbent.com

Globe Amerada Architectural Glass in Selma, Alabama (*Globe-Amerada Glass Co., the trademark owner, has granted limited permission for the conditional use of the Globe Amerada Architectural Glass mark.*) is a full service manufacturer of tempered glass, laminated glass, glass-clad polycarbonate, and laminated polycarbonate for a wide range of security and custom architectural glazing applications."

Each Distributor carries *Berman Glass **editions'*** textures; être – an organic texture which resembles granite, ima – a linear texture with repeating lines over an organic backdrop and aquí – an organic texture with vertical markings. Product and application images are available at www.bermanglasseditions.com.
